

# The CSS Box Model

Let's look at

<https://css-tricks.com/the-css-box-model/>

# Positioning and Floating (aka “The Big Headache”)

Let's look at

<https://css-tricks.com/almanac/properties/p/position/>

*Flexbox* (my favorite)

<https://css-tricks.com/snippets/css/a-guide-to-flexbox/>

*CSS Grid* (the latest addition)

<https://css-tricks.com/snippets/css/complete-guide-grid/>
