## Javascript Execution Model

a.k.a The Event Loop

## Trivia

```
3 // begin timeout
4 ▼ setTimeout(function(){
       console.info('1. Timeout');
6 A }, 5000);
7
   // generating the array
   let a = Array.from({length: 100000000}, () => Math.random());
   console.info('2. Array created');
10
   // sorting the array
   a.sort();
13
14 console.info('3. Array sorted');
```

In what order 1, 2 and 3 are going to be printed?
