Arrays

```
const myArray = new Array();
myArray[0] = "JavaScript";
myArray[1] = "is";
myArray[2] = "fun";
```

Or

```
const myArray = new Array ("Javascript","is","fun");
```

Or

```
const myArray = ["Javascript","is","fun"];
```

Iterate through arrays

```
const myArray =
["Javascript","is","fun"];

for (let i=0; i<myArray.length; i++){
    console.log(myArray[i]);
}

for (let x of myArray){
    console.log(x);
}

myArray.forEach(function(x){
    console.log(x);
})
```
